Sustainability Journey

Spotlight on **Access to
Healthcare**

*Our commitment towards issue of
NCDs*

What we're doing...

60%

Non-communicable diseases
account for 60% of deaths
In India .

Our strategy for **Access to Healthcare** focuses on three areas:

- Making our medicines **available and affordable**
- **Supporting sustainable** health systems infrastructure
- Promoting disease **awareness and prevention**

40 year celebrations with Community

Early Cancer Screening for Women

Healthy Lung

Early Action in Diabetes

Educating community on risk behaviours associated with NCDs

National Community Service Week in partnership with Plan India to celebrate 40 years in India

The objective was to raise awareness and understanding about the risk behaviours associated with common NCDs among young people from marginalised section of the society through:

- Counselling and training of young people on NCD risk factors
- Sports activities/ yoga sessions/ drawing competitions to embed the messages in a fun & engaging way
- Providing basic health check up for young people

Reached
3000+ young people

Employee – led; 1000+ employees volunteered

Partnership with **30+ govt/ community schools** across **11 states**

Ganga Godavari Early Cancer Screening Programme for Women

The programme was launched in partnership with Indian Cancer Society & CAF India on World Cancer Day (4th Feb 2019) with aim to:

- Conduct specialized check-up of cancer for females in defined population for **oral, cervical and breast cancer** in women
- Create awareness through **health education activities in the community**
- **Robust follow up process** to ensure logical conclusion of each case.

Mayor of Mumbai & Deputy British High Commissioner at the inauguration of the programme

3000+
beneficiaries in
Phase 1

**4 states
identified;
focus on high
priority
districts**

**Focus on
women from
underprivileged
sections**
